Creating the Ultimate Customer Experience: How Reaching Out To Your Customers By Phone

Can Make A Difference. Web. September 20, 2009.

<http://www.angelamegasko.com/Tag/proper-use-of-the-telephone/>>.

This source is one of the telephones invented. It went from a couple different looks and this is one of them.

The First Telephone Call. Web. 1997.<<http://www.chevroncars.com/learn/history-firstTelephone-call>>.

We chose this source because it is showing the first telephone that Alexander Graham Bell invented. It supports our question because it is saying how the telephone changed history.

Who Invented The Telephone. Web. 2003. <<http://www.voicenation.com/resources/general-resources/article-library/who-invented-the-telephone.shtml>>.

This source helps because it is Alexander Graham Bell. He is the one who invented the telephone which is what our topic is on.
